

# SMS FLATSCREEN L SLIDE

UPDATED!

Connecting your screen to your bracket.

The SMS Flatscreen L Slide is the missing link between your bracket and lighter screen. It is suitable for most screens up to 15 kg and is a smart construction that can mount your screen either horizontally or vertically. It is easy to mount and can be transferred to most of our brackets and stands for lighter screens. Unlike our larger Unislides the SMS Flatscreen L Slide is not universal in that it only supports Vesa standard.
