

# Home Theater Cable

## REMEE HOME THEATER

The purpose for these designs are to maintain power over longer distances. All our cable designs allow for low distortions at high frequencies due to increased circular mil area. Our sound cable constructions are designed with high strand count and a white overall jacket to maintain a cosmetically clean overall appearance.

These cables are listed as NEC U/L CL3

*Home Theater Cable*

- Audio for Home Theater System

Unshielded Multi-Conductor, PVC Jacket

**HIGH STRAND**

Catalog Number	No. of Cond.	Cond. Size	Cond. Strand	Nom. Insul. Thickness	Nom. Jkt Thickness	Nom. O.D.
