

Horizontal Screenwall

The Horizontal Screenwall Electrimask is a fixed screen designed to provide a perfect image area when viewing multiple aspect ratios

Horizontal Screenwall

The Horizontal Screenwall Electrimask is a fixed screen designed to provide a perfect image area when viewing multiple aspect ratios. Electronically controlled masking panels extend and retract to eliminate unsightly gray bars or image cropping. This contemporary screen model is great for use in a dedicated home theaters, as well as any other location a projection screen is to be utilized.

Available with any of Stewart's front or rear projection materials, the Horizontal Screenwall Electrimask allows for a perfectly tensioned screen surface. The exclusive VeLux™ appliqué finish absorbs over-scan and also helps to increase perceived contrast.

SPECIFICATIONS
