

(A)

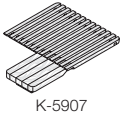

**KOHLER® Self-Rimming  
and Tile-in Cast Iron  
Kitchen Sinks**

KOHLER self-rimming sinks mount onto your countertop, exposing the sink's rim to accent its design. Tile-in sinks have flat edges and square corners to fit flush with tiled surfaces. Choose the style, color and basin configuration that works best for you, including the Smart Divide® low-profile basin divider that blends the ease of an open, single-basin with the functionality of a double-basin.
