C³™ Toilet Seats

Featuring convenient, easy-to-operate controls, C³ seats allow users to position and activate two wands for anterior and posterior hygiene, adjust the water spray for oscillating or pulsating motion, and choose comfortable temperature settings. With sensor-activated night lights and Quiet-Close™ technology, these heated multifunctional seats bring cleanliness, comfort and confidence to your daily routine.

Hydro-cleansing at your fingertips

Available in models with in-line heat or tank heat to ensure a comfortably warm water temperature, these innovative toilet seats are engineered to use the naturally soothing quality of water as a refreshing alternative to toilet tissue. With the simple touch of a button, you can activate the following features of your C³™ toilet seat:

- Stop**
At any given time, press this button to deactivate performance features.
- Nozzle Backward**
This button allows you to move both hydro-cleansing wands backward.
- Nozzle Forward**
This button enables you to move both hydro-cleansing wands forward.
- Deodorizer**
Press this button to eliminate odors by drawing air through a built-in filter.
- H2O Temp**
Press this button to adjust the water temperature to your desired warmth.
- Seat Temp**
Press this button to increase or decrease the heated seat temperature.
- Air Temp**
Press this button to adjust the warm air temperature that initiates partial drying.
- Air Speed**
Press this button to increase or decrease the speed of the warm air feature.

Design Versatility & Built-In Functionality

KOHLER® toilet seats feature uncompromising quality and enduring craftsmanship. Ideally suited for today's families, the Transitions™ toilet seat accommodates the needs of both adults and small children, while the Zofa™ toilet seat, shown above, will change the way you think about soft toilet seats. Its ergonomic design offers optimal comfort and warmth, and because the ring is removable, the Zofa Comfort toilet seat delivers superior hygiene and cleanability.
