

Defender FR™ Disposable Coveralls are the perfect choice for applications where Flame Resistant clothing is required.

Defender FR™ Coveralls are designed to prolong the life of primary FR garments by providing a secondary level of protection against sparks, dirt and grime.

Defender FR™ Coveralls are chemically treated to meet the flame resistance requirements of NFPA 701. Soft, comfortable, cool, roomy and economical,

Defender FR™ Coveralls are ideal for refineries, mining, utilities, welding, plant visitors, laboratories, steel mills, grinding and foundries.
