

# Smoking Receptacles FOR CIGARETTES

Smoking Receptacles

*So many superior features  
make the Original Smoker's Cease Fire®  
the best choice for cigarette butt disposal.*

Patent: US 6,626,322 B1

Rainbonnet covered opening keeps rain out and discourages unwanted trash. Large head dissipates heat.

A patented internal drip-lip keeps messy tar condensation from escaping to help maintain a clean and neat appearance.

Molded-in tie-down notches on both sides provide security from theft or severe weather.

Molded-in graphics easily identify opening for cigarette butt disposal.

1½" (38mm) opening permits easy use and promotes good housekeeping.

Self-extinguishing design allows lit butts to be dropped in... or use available snuff spot.

Large internal neck cavity minimizes "clogging."

Low maintenance, high density polyethylene construction with flame retardant additive won't rust, dent, crack or peel and resists fading.

Cease Fire® technology minimizes "chimney effect" found in other units.

Innovative Cease Fire® design limits the flow of oxygen to safely and quickly extinguish cigarettes to reduce the risk of fire.

Easy-open and easy-close, lid securely interlocks to prevent spills. Back thumbscrew easily connects top to bottom.

Large 4-gallon (15L) galvanized steel liner pail holds thousands of butts and removes for easy cleaning.

Broad 16½" (419mm) base for stability.

Ships fully assembled.

### Self-extinguishing is the Secret!

All you have to do is drop in a lit cigarette and let Smoker's Cease Fire® take care of the rest. Its oxygen limiting design suffocates the lit cigarette to quickly put it out.

### Easy Maintenance!

Includes large galvanized steel bucket with bail handle, making maintenance a snap! Simply lift off the top section and remove the bucket for emptying.

Optional disposable bucket liner makes cleaning easier than ever! Once it's full, simply twist-tie closed and throw away. See pages 81 & 82

**ADA Compliant**

**Fire tested and approved by FM Global**
