Improved Performance. Absolute Confidence.

**The Right Harness.
The Right Fit.
The Right Value.**

Introducing the all new, fully functional Protecta PRO™ harnesses. With a design that incorporates an improved fit, updated colors, and lightweight hardware and padding, Protecta Pro harnesses provide greater comfort and added safety — which translates to reduced worker fatigue and increased productivity. Plus, each and every Protecta PRO harness now features incorporated lanyard keepers and an increase in user capacity up to 420 lbs (190kg)! Go with the right harness with the right fit at the right value. Go with Protecta PRO™.

Increased Capacity

Improved durability provides complete protection for workers up to 420lbs (190kg).

Improved Fit

Provides for greater sizing flexibility, comfort and overall performance.

Built-In Impact Indicator

Allows for easy inspection and added safety.

Lightweight Hardware

Reduces weight and fatigue. Increases comfort and productivity.

Label Cover

Encloses the labels to protect the important information that helps protect your workers.

"No matter which model I choose, I trust the reliability and safety of Protecta PRO™ harnesses. And with flexible sizing and so many models to choose from, it's easy to get the type of harness I need with the fit and value I want."

PRO™ Harnesses With Comfort Padding

All PRO™ Harnesses with Comfort Padding feature cushioned shoulder, leg and hip padding for increased comfort and additional security during a fall, as well as quick-connect buckles that enable one-handed operation for fast, easy donning.
