

Drum Collection Stations FOR SPILL CONTROL

Environmental Products

Approved for the transportation of hazardous materials

- Rugged yellow polyethylene DOT/UN certified as a salvage drum to the highest "X" rating for Packing Groups I, II, III solids up to 340 liters
- EcoPolyBlend™ black style offers a green choice made from durable, 100% recycled polyethylene is DOT/UN certified as a salvage drum to a "Y" rating for Packing Groups II and III solids up to 300 liters

Dual purpose overpack/salvage drum is DOT/UN approved for use as a salvage drum for dry hazardous materials or can be used as an overpack as secondary containment with a 95 gal (360L) sump capacity for DOT/UN approved drums carrying solid or liquid material. Durable 100% polyethylene construction is chemical and weather resistant to withstand the rigors of land, air, and sea transportation. Twist-on threaded lid makes closure safe and easy with no troublesome metal band needed. Relocation is simple via forklift from any one of three positions. Units nest when empty for compact storage.

Ideal for:

- Overpacking damaged packages
- Containment site clean-up
- Emergency response
- Spill control kit
- Collection of soiled sorbents

Dual Purpose!
Salvage drum for solids or Overpack for DOT/UN approved drums.
