

# model 1047

## Wall Mounted Drinking Fountain

### FEATURES & BENEFITS

#### PUSH BUTTON

With its patented (Pat.# 6,981,692) push-button valve assembly which allows for front access stream adjustment as well as cartridge and strainer access, this fountain offers the ultimate in ease of maintenance.

#### BUBBLER HEAD

Polished chrome-plated brass bubbler head features an integral basin shank for added strength, and is equipped with a shielded, anti-squirt orifice that provides a steady sanitary source of water.

#### MOUNTING

3/16" steel mounting plate with supplied mounting hardware provides a solid unit base and allows for easy installation to a framed wall.

#### DRAIN CLEAN-OUT

Top-down access to the drain allows the fountain to be cleaned without taking the unit apart, which is ideal for outdoor settings that are high in drain-clogging sediment like leaves, garbage, and other debris.

#### CONSTRUCTION

Heavy duty vibra-cast reinforced concrete construction with exposed aggregate finish provide a perfect addition to outside environments, along with a vandal-resistant bottom plate for added peace of mind. Stainless steel basin with a high-polished finish compliments almost any setting, and it also resists stains and corrosion.

#### BARRIER-FREE

Designed for Adult or Child ADA access, the spacious fountain design allows for the trap to be internally mounted which allows for easy access.

#### PUSH BUTTON

With its patented (Pat.# 6,981,692) stainless steel, push-button activated, valve assembly which allows for front access stream adjustment as well as cartridge and strainer access, this fountain offers 100% lead free waterways. The valve works at an operating pressure range of 30 to 90 psi.

### SPECIFICATIONS

Model 1047 wall mounted adult or child barrier-free drinking fountain shall include a stainless steel basin contained in a vandal-resistant, vibra-cast reinforced concrete wall bracket with exposed aggregate finish, 100% lead-free waterways, push-button operated valve with front-accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant bubbler head, polished chrome-plated brass vandal-resistant waste strainer with top-down access, vandal-resistant bottom plate, and chrome-plated 1-1/2" IPS trap.

### APPLICATIONS

Perfect for either public or private settings, our concrete vibra-cast series is a great fit in "open-air" environments. Suitable in areas where weather conditions may be cause for concern, this series stands strong from the forest to the beach. Reinforced concrete vibracast design not only protects from corrosion, its Portland gray color makes it recognizable enough to locate without compromising the outdoor atmosphere. Specifically, this type of wall mounted drinking fountain may be placed in settings such as: parks, schools, and other recreational outdoor environments where the temperature remains above freezing.

Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains, electric water coolers and electric drinking fountains to be lead-free by all known definitions including NSF/ANSI Standard 61, Section 9, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006) as evaluated by CSA International.

### OPTIONS

- ❑ Bubbler Head: Model 5725 EnviroGard bubbler is a polished chrome-plated solid brass bubbler head with stainless steel water activated pop up canopy. (Pat.# 7,025,282)
- ❑ Filter: Model 6426, 12" x 2", in-line lead removal element that reduces lead from incoming water supply.
- ❑ Support Carrier: Model 6800 universal in-wall mounting support for use with most fountains.
- ❑ Chiller: Model HCR8, 8 gph remote water chiller provides instantaneous cooling to meet a continuous demand for chilled water.
