Avoid overfilling drums and dangerous "run-overs " with a Drum Fill Gauge.

Vertical Drum Polyethylene Pop-up Gauge is a low cost solution to overfilling drums during waste disposal operations. When drum is almost full, indicator "pops-up" to warn you.

Horizontal Drum Cast-iron Fill Gauge allows you to easily check liquid level of a horizontal drum at a glance – no more surprise re-orders or stock depletions. Use indoors or out. Sight gauge shows how much liquid remains in a 30- (110L) or 55-gallon (200L) drum.

Drum gauge installs easily by threading into a standard ¾" NPT bung hole and accepts any ¾" faucet.

Rugged zinc-plated, cast-iron body stands up to heavy use. Heavy gauge glass tubing is protected with a chrome-plated housing and permits use with non-viscous oils. Buna-N seals make this unit ideal for petroleum products.

Drum Fill Gauges

Description	Dimensions	Model No.
Vertical Drum Polyethylene Pop-up Gauge	¾" dia.- 5"L (127mm)	08530
Vertical Drum Polyethylene Pop-up Gauge	¾" dia.- 11"L (279mm)	08531
Horizontal Drum Cast-iron Fill Gauge	¾" dia.- 11¼" (286mm)	08532*
Horizontal Drum Cast-iron Fill Gauge No. 08532 with Self-closing Faucet No. 08902		08533

* Can be used with drum siphon adapter No. 08311 or self-closing faucet No. 08308 with drum siphon adapter No. 08311 (see page 111).

Reduce fire risks from static electricity.

Antistatic Wires prevent sparks from static electricity generated by movement and flow of flammable liquids. Bonding between containers during liquid transfer, and connecting drums to an earth ground are required under Federal and Local Codes. Standard wire lengths are 3' (1M) and 10' (3M); for longer reach use several wires with $1/4$" (6mm) terminal ends. Custom length bonding and grounding assemblies in 3' (1M) lengths are also available as are individual clamps.

Flexible Wire

Insulated Flexible Wire

Antistatic Wires

Description	End Connections	Model No.
Flexible Wire, 10' (3 meters) Coiled	Hand Clamp x ¼" (6mm) Terminal	08496
Insulated Wire, 10' (3 meters) Coiled	Hand Clamp x ¼" (6mm) Terminal	08497
Flexible Wire, 3' (1 meter)	"C" Clamp $5/8$" (16mm) x Hand Clamp	08498
Flexible Wire, 3' (1 meter)	Dual Hand Clamps	08499
Flexible Wire, 3' (1 meter)	Dual Alligator Clips $5/8$" (16mm) Jaws	08500
Flexible Wire, 3' (1 meter)	"C" Clamp $5/8$" (16mm) x Alligator Clip $5/8$" (16mm)	08501
Flexible Wire, 3' (1 meter)	Dual $1/4$" (6mm) Terminals. Also used as an Extension	08503
Insulated Wire, 3' (1 meter)	"C" Clamp $5/8$" (16mm) x Alligator Clip $5/8$" (16mm)	08505
Insulated Wire, 3' (1 meter)	Dual $1/4$" (6mm) Terminals. Also used as an Extension	08506
