

# model 3377

## Pedestal Mounted Drinking Fountain

### FEATURES & BENEFITS

#### PUSH BUTTON

With its patented (Pat.# 6,981,692) push-button valve assembly which allows for front access stream adjustment as well as cartridge and strainer access, this fountain offers the ultimate in ease of maintenance.

#### QUALITY CONTROL

Fountain is pre-built and fully water and pressure tested to ensure no leaks and proper function for reduced installation time and added peace of mind.

#### BUBBLER HEAD

Polished chrome-plated brass bubbler head with integral laminar flow prevents splashing and provides a superior flow pattern. The integral basin shank and inserted roll pin adds vandal resistance strength to the design, and the shielded angled stream orifice produces a steady sanitary source of water.

#### CONSTRUCTION

Heavy-duty 3/16" galvanized steel pedestal is supported by an integral mounting plate, supplied with a top down access plate, and is finished with green powder-coat paint. 18 gauge Type 304 Stainless Steel fountain with attractive and functional swirl bowl design, along with a vandal-resistant bottom plate provides a long lasting unit with added peace of mind.

#### PUSH BUTTON

With its patented (Pat.# 6,981,692) stainless steel, push-button activated, valve assembly which allows for front access stream adjustment as well as cartridge and strainer access, this fountain offers 100% lead free waterways. The valve works at an operating pressure range of 30 to 90 psi.

### SPECIFICATIONS

Model 3377 barrier-free pedestal drinking fountain shall include an 18 gauge Type 304 Stainless Steel satin finish basin with integral swirl design, 14 gauge Type 304 Stainless Steel bracket, push-button operated stainless steel valve with front-accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant bubbler head with integral laminar anti-squirt flow, chrome-plated brass vandal-resistant waste strainer, vandal-resistant bottom plate, 3/16" galvanized steel top-access pedestal with green powder-coated finish, integral mounting plate, and 1-1/4" IPS waste.

### APPLICATIONS

Perfect for either public or private outdoor settings, the 3377 is a great fit in areas where aesthetics are important to the overall appeal of the architecture. Suitable in areas where weather conditions exist, this series stands strong as a nice addition to any community. Powder-coated finish helps to maintain the fountain's overall appeal so it remains looking as new as it did when it was installed. This type of pedestal drinking fountain may also be placed in a variety of settings such as: parks, schools, and other outdoor environments around office buildings where the temperature remains above freezing.

Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains, electric water coolers and electric drinking fountains to be lead-free by all known definitions including NSF/ANSI Standard 61, Section 9, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006).
