

## MS/MKT/KTM

## Overview

- FRP with HDG / Stainless Steel Structure
- Single cell water flow rate: MS 6.4-800m<sup>3</sup>/h, MKT 6-1000 m<sup>3</sup>/h, KTM 6-800m<sup>3</sup>/h
- Low Drift models comply AS/NZ3666 is available

## Features

### [OPTIONAL PARTS](#)

- Safety cages
- SST304/SST316 tower structure
- Sound Attenuators
- Vibration Isolators
- Two Speed Motor
- High Temp componentry
- Variable Frequency Drive
- Gear Reducer
- Super Low Noise models

- Cost Effective & Available in Stock
- Low Operating Cost
- Low Maintenance Cost
- Reliable operation
