103324, Multimedia Stand

Model 103324 LCD Stand

This is a versatile multimedia unit, that has been designed with "function" as its main characteristic. The top surface is large enough to accommodate 17" to 32" lcd or plasma screens or for your computer screens, visual presenters or laptops.

It doesn't stop there! There is a slide out keyboard shelf built right into the unit, along with a left-to-right sliding shelf. Behind the glass door is a 12 RU equipment rack, an optional fan can be added for additional heat ventilation.

Originally designed to meet educational/classroom specifications - where a compact cart was needed with room for maximum multimedia content delivery. The rich feature set up of the 103324 makes it ideal for any multi-function application that requires a smaller footprint.

Standard Features Include:

- Retractable keyboard tray
- 12 RU rack mount
