

Other Nozzles

Tough, salt water corrosion-resistant brass/bronze construction.

Ideal for marine environments, shipboard fire fighting, and any harsh industrial or marine exposure.

Coast Guard Nozzle with Fog Tip

- Meets U.S. Coast Guard specifications for fighting with draft water
- Combination fog and straight stream
- No-clog design
- Optional Coast Guard applicators available to extend length by 4 or 6 ft. (122-183cm) and provide bend and reach through small openings such as portholes
- Bronze construction
- Combination fog and straight stream - 55 GPM (208 LPM)
- Applicators available in sizes:
 - 4' long, 60° bend (Style 385)
 - 6' long, 90° bend (Style 387)

FP10382

Shipboard Nozzle

- Selectable gallonage nozzle with pistol grip
- 95-125 GPM (360-473LPM)
- U.S. Coast Guard Approval Number: 162.027/17/0
- FM Approved
- Bronze construction
- Heavy-duty chrome plated metal shutoff ball
- Self-adjusting Teflon seat
