

Control4® Home Controller HC-1000

Control4® Home Controller HC-1000 C4-HC1000V3-E-B

The powerful Control4® Home Controller HC-1000 makes it easy to automate any large home or building, or to provide a performance boost to larger systems. When combined with another Control4 Home Controller, the HC-1000 brings lightning-fast responsiveness to your home-automation system as well as 500GB of digital media storage.

- Provides 500GB of on-board digital media storage for audio and picture files.
- Easy access to your external digital media storage devices with 4 USB ports.
- High performance Intel processor and 1GB of memory for increased system performance.
