

C-A35M/IRE

3.5mm to Single IR Emitter Cable

Kramer's **A35/IRE** is an infrared emitter permanently mounted on a 3m cable.

FEATURES

- **Application** - Use the C-A35M/IRE-10 with any remote control system which offers a port for transmission of IR control information via hard wire to an IR controllable device. The 10ft cable is terminated with a 3.5mm mini connector that can be removed if needed. The transparent emitter adheres to the IR receiving device with double-sided tape.
- **Kramer Control System** - Use this IR emitter with Kramer RC series remote control panels and VP-23RC presentation switcher.
- **Available Length** - Available in 10ft versions (3.0m).

C-A35M/2IRE

3.5mm to Dual IR Emitter Cable

Kramer's **A35/2IRE** is a dual infrared emitter permanently mounted on a 3m cable.

FEATURES

- **Application** - Use the C-A35M/2IRE-10 with any remote control system that has a port for transmitting IR control information via hard wire. The 10ft cable is terminated with a 3.5mm mini connector which can be removed if needed. The transparent emitters adhere to the IR receiving device with double-sided tape.
- **Kramer Control System** - Use this IR emitter with Kramer RC series remote control panels and the VP-23RC presentation switcher.
- **Available Length** - Available in 10ft versions (3.0m).
