

CHERRINGTON BEACH CLEANERS MODEL 440 SERIES

Cherrington lifts and screens the sand to screen-clean and sanitize your beach.

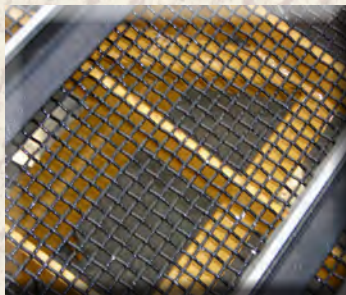

Efficient and economical beachcleaning using Cherrington Beach Cleaners is accomplished by lifting the sand from the beach, screening it through a powered oscillating screen, retaining all objects larger than the chosen screen size and then returning the sand to the beach.

**You Can't Miss with a Cherrington Screener -
The Proof is in the Hopper.**

Quick-change wire screens (48" wide) are available in 3/8", 1/2", 3/4" or 1" hole size to meet the demands of your specific job.

Pre-screening
Powered Roller (440R)

CHERRINGTON SCREENERS are a uniquely efficient and economical choice for Power Screening in a variety of applications from beach cleaning to athletic field maintenance, horse track and arena screening, and seedbed prep.

Pre-screening Powered Roller: Model 440R uses a powered roller for loosening compacted ground and screening - both in one cost-saving pass.

Available in high lift (XL) and ground dump models.

Screen new or existing
infields 1/2" or 3/8"
