

# Formula 340 Heavy - Duty Degreaser

# PowerBoss®

FORMULA 340 is an advanced heavy-duty degreaser that combines effective cleaning power with environmental safety. It removes heavy industrial grease and oil deposits from a variety of surfaces quickly including: concrete, metal, painted, plastic, aluminum and other surfaces. Formula 340 can be used indoors/outdoors with high pressure washer, mop, scrubbing brush, and is ideal for use in automatic scrubbing machines.

## Low Foaming

Formula 340's controlled foam allows automatic scrubbers to operate efficiently.

## Use in Part Washers

Formula 340 is a great choice to use in part washers, it's low foam formula prevents foam build-up and cleans most oil and grease from metal, aluminum or plastic parts without corrosion.

## Environmentally Friendly

The biodegradable ingredients used in FORMULA 340 make this a product of the future. It does not contain phosphates, solvents or caustics, instead, a highly active degreasing surfactant is combined with an effective builder system to give high performance cleaning.

FORMULA 340 is buffered to maintain a high pH while cleaning. Extended dilution ratios also make this an economical product to use.

FORMULA 340 is safe for use on aluminum.

*NOTE: Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected.*

*Safety First: Rubber gloves and safety eyewear should be used when cleaning by hand.*

**Low foam degreaser for autoscrubbing  
concrete floors with PowerBoss Scrubbers.**

### Properties

Appearance .....	Orange liquid, mild aroma
pH .....	> 13
Specific Gravity .....	1.06
Flashpoint .....	None
Use Dilution: (Concrete) .....	Heavy soil - 1:32 (4 oz./gal.) Light soil - 1:128 (1 oz./gal.)
Foamability .....	Low/Moderate
Hardwater Tolerance .....	Good
Detergency .....	Very good
Phosphate-Free .....	Yes
Biodegradability .....	Excellent
USDA .....	Meets USDS Performance Standards for A-4 Type products
Storage Stability .....	Excellent, 1 year minimum under normal conditions.
Freeze-Thaw Stability .....	Will freeze. Agitate after thawing.

### Packaging

275 gallon tote 910464  
55 gallon drum 910467  
5 gallon BIB 910465  
1 gallon 910463
