

## ENJOY THE RIDE.

# SPORT

The Hustler Sport is a zero-turning, grass-eating blast. With SmoothTrak™ steering, there is no tree it will not hug, no corner it will not conquer. Designed for homeowners who want a great value, the Sport turns the chore of mowing into an afternoon delight. Yet underneath its peppy spirit lies a rugged workhorse. The Sport's steel frame and welded deck are the toughest in its class. It boasts the power to turn the most challenging yard into a perfectly cut sea of green. And with its incredible durability, you'll spend more time enjoying your lawn and less time taking care of your lawn mower. With a Hustler Sport, mowing has never been such a treat.

# Sport

*"I love this Sport. For an average home owner with an acre or less it is THE answer. Small in physical size but big on power and cutting ability. Solid as a rock and the low seat height is a plus. All I can say is NO REGRETS!"*

- P. Hammons, South Bend, IN

Less parts which equals less headaches. Simple to use, simple to maintain

SmoothTrak™ steering with patented automatic park brake system

Standard certified ROPS and seat belt

Foot-operated deck lift for easy adjustment of cutting height or transport

Standard rear engine guard provides protection against damage with built-in hitch

Rubberized discharge chute provides exceptional grass clipping distribution

Complete tubular frame provides commercial strength in a residential mower

Welded steel deck - go ahead and step on it, you will feel the strength

18" drive tires, 11" caster tires, easier on your turf and easier on you

GET A BETTER CUT FOR THE BUCK  
FOCUS ON LAWN MAINTENANCE, NOT MOWER MAINTENANCE

LIMITED WARRANTY  
**3** YEAR | **NO** HOUR LIMIT  
RESIDENTIAL

## WHAT'S IN A NAME

Excel Industries christened its zero-turn mowers "Hustler," a name belonging to the B-58 fighter-bomber. Because of the unique characteristics of the zero-turn mower and its potential impact on the mowing industry, it was important to have a name that carries a message, not unlike the B-58. It's fast. It's powerful. It's a Hustler.
