

Spill Control & Containment

Spill Kits

A range of emergency response kits to handle any type of spill.

Accidents do happen, so it's better to be prepared. Brady offers a complete selection of SPC spill kits in a variety of types and sizes to equip you with everything you need to clean-up accidents when they happen. Quickly and easily clean-up spills of oils, solvents, coolants and other fluids. They are ideal for fast response to critical accidents.

Many of our kits are available in the following types:

- **Universal/Maintenance Kits**
For oil, water-based and chemical liquids
- **Oil Only Spill Kits**
For oil and petroleum-based liquids
- **Chemical Spill Kits**
For aggressive and hazardous liquids
- **Re-Form™ Spill Kits**
Universal absorbents that are eco-friendly
- **TAA Compliant Spill Kits**
Comply to the Trade Agreements Act

Spill Kits Increase Efficiency

Worker productivity and efficiencies can be improved dramatically by placing spill kits or absorbent storage centers strategically around the facility and closer to the areas of need. For both emergency response and routine maintenance and safety, you don't want employees wandering away from their workstation to the other side of the plant or tool room to find the absorbent materials they need.

Trade Agreement (TAA) Compliant Kits

GSA Schedule Contracts are subject to the Trade Agreements Act (TAA), meaning all products listed on the GSA Schedule Contract must be manufactured or “substantially transformed” in a “designated country.” The designated countries are comprised of:

- World Trade Organization government procurement agreement countries
- Free trade agreement countries
- Least developed countries
- Caribbean basin countries
