- 119 in body height above chassis frame with arms up; 113 in with arms down
- 96 in body width
- Curved uniform body and hopper walls
- 55.6 FT<sup>2</sup> (8.3 FT x 6.7 FT) hopper opening
- 3000 LB lift arm capacity
- Up to 900 LB/yd<sup>3</sup> payload
- Body access door
- Push button control
- Front mount pump
- Tailgate ajar/overheight, arms overheight, and hydraulic overheat alarms
- White PPG paint
- Dual tailgate safety props
- Body clean-out
- Standard LED light package to comply with DOT and FMVSS standards
- Standard wiring package
- Hydraulic tailgate locks with manual overlock
- Hydraulic hopper cover
- 65 GAL reservoir
- 100 MESH suction strainer
- 10 MICRON return line filter
- Sight/temperature gauge
- Hydraulic suction line shut-off valve
- Crossed telescopic compactor cylinders

#### CHASSIS

- 66,000 GVW
- 20,000 front GVWR
- 46,000 rear GVWR

### OPTIONS

#### SAFETY

- Camera (single, dual)
- 10 LB or 20 LB fire extinguisher
- Spill kit
- Shovel
- Cab shield extension
- Tool box

#### AXLE

- Tag
- Pusher
- Steerable tag
- Steerable pusher

#### ACCESSORIES

- Roof access ladder
- Cart tipper

#### LEVELING

- IQAN computerized leveling system

#### HYDRAULICS

- 3 MICRON return line filter
- 6 MICRON return line filter

#### LIGHTS

- LED lights with strobe turn signals
- Safety work light package
- Strobe light

#### PAINT

- Standard PPG other than white
- Metallic
- Multi-color
- Striping

#### SCALES

- Vulcan
- Custom installation

*The blade travels just above the body floor on cam followers to reduce floor wear. T1 strips hold commodity up, which prevents it from going under the blade and reduces floor wear.*

*The contoured blade smoothly follows the continuous uniform side walls from compactor to body, to prevent commodity falling behind the blade.*

*The follower cover extends and retracts with the compactor keeping commodity from falling behind the blade.*

*Loading onto the follower cover allows constant loading while reducing cycle time.*
