

# STOKKERMILL™ 2000 Turbo

A compact granulator for small to medium sized electrical cable granulating jobs. The integrated “Turbo” unit allows easy treatment of a wider variety of cable sizes including so called “hair wire” Robust and reliable with long service intervals due to the use of the self cleaning cyclone filter.

- The granulator is designed to eliminate dust emissions.
- The grinding mill consists of 3 rotating blades and 2 fixed blades, each 380mm long
- Dry separation through an air assisted vibrating table
- Includes an integrated turbo unit to ensure higher quality and purity of even very thin cables (e.g. telephone cables, data cables, etc.)

## Technical Data

Production (input): 120-170 Kg/h \*

Installed power: 26 kW

Electric tension: 400V (tri-phase), 50Hz  
(changeable on request)

Dimensions: 3070 x 1680 x 2780 mm

Weight: 1850 Kg

\* The production output can vary according to the grate used and the cables to be shredded.
