

Part Number: 578707C

Description: Beckett electrode set

Packaging: Heat sealed poly bag

Includes:

2 - 20418 Electrode assemblies (EA28406C)

For use on a variety of private name brand burner models. Used in models AFG, AF, SF, AF-90 series burners up to 9" air tubes.

Part Number: 578716

Description: Beckett electrode set

Packaging: Poly bagged & tagged

Includes:

2 - Electrode assemblies

For use on a variety of private label burner models AFG & SF. Reference #EA23906K.

Part Number: 578708C

Description: Beckett electrode set

Packaging: Poly bagged & tagged

Includes:

2 - Electrode assemblies

For use on burner models AFG & SF with 7 1/4" long air tubes. Reference #EA24106C

Part Number: 578723C

Description: Beckett electrode set

Packaging: Heat sealed poly bag

Includes:

2 - 20401 Electrode assemblies (EA15802)

used on a variety of private name brand burner models. Used in models AF, AF-44 series, SF, and SM burners. 4 1/2" air tube only.

Part Number: 578711C

Description: Beckett electrode set

Packaging: Poly bagged & tagged

Includes:

2 - Electrode assemblies

For use on burner models AF-10 & AF-15. Reference #EA13302B.

Part Number: 5940

Description: Beckett electrode set

Packaging: Poly bag & tagged

Includes:

2 - Electrode assemblies

2 - Female connector studs

2 - Extension rods

For use on burner models MB & MD burners up to 9" air tube combinations. use on burner models CF 800 and CF 500 up to 8" air tube combinations.

Part Number: 578712C

Description: Beckett electrode set

Packaging: Poly bagged & tagged

Includes:

2 - Electrode assemblies

used on a variety of private name brand burner models for AFG & SF. Reference # EA21506C.
