**Superior technology
for contract cleaning**

Battery-driven automatic polisher Hako-Speedpolisher B 51

NEW!

**Perfect shine on all coated floors.
Area performance of up to 1,600 m²/hour.**

**Hako –
perfect from
product
to service**

Battery-driven automatic polisher Hako-Speedpolisher B 51: The new dimension of polishing.

You want
**more power,
comfort
and efficiency?**

Highest polishing performance, excellent manoeuvrability, passive dust vacuuming and easy handling – these are but a few advantages offered by the Hako-Speedpolisher B 51 to provide for gleaming results on coated floors such as in schools, warehouses, offices and clinics. With an area performance of up to 1,600 m²/hour.

Rising polishing dust is vacuumed directly at the pad and transported into the large dust bag. Additional micro-filter integrated into cover.

Flexible drive plate. No tools required for easy pad change. Various pads available for most different applications.

All control elements including ground pressure adjustment in direct access. The variable handlebar guarantees fatigue-free working.

Maintenance-free battery drive for a maximum of flexibility and long running time. No tools required for access and easy charging of batteries.

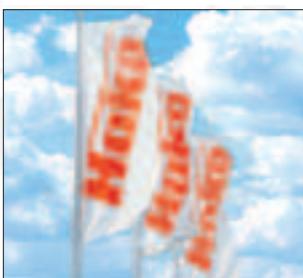

Technical data Hako-Speedpolisher

B 51

Working width	cm	51
Max. operating speed	km/h	3,2
Theoretical area performance	m ² /h	1600
Working speed	rpm/min	2000
Nominal voltage	V	36
Power consumption pad motor	W	1850
Length, serviceable	cm	154
Width	cm	56
Height	cm	109
Empty weight	kg	110
Total weight	kg	230
