Part Number(s):

70321 (Conbraco Quality Valve Set)
 70323 (same as 70321 but has safety check valve)
Description: 5/8" Gauge Glass Valve Kit 20-104-00 1/2" NPT
Packaging: Boxed & GG in corrugated tube
Includes:

- 2 - Protection rods **MADE IN THE USA**
 - 1 - 5/8" OD X 12" Long standard gauge glass
 - 1 - 5/8" ID X 1/2" NPT top valve
 - 1 - 5/8" ID X 1/2" NPT bottom valve with clear out port
 - 1 - Instruction sheet
- Use for all types of liquid level verification; We stock the 1/2" NPT male pipe version, but 3/8" NPT is available upon request.

Features:

- Aluminum composition hand wheels
- EPDM gauge glass gaskets standard
- Automatic ball checks help prevent the loss of fluids should the glass be broken.
- Equipped with two copper guard rods
- Standard 1/4" needle drain valve in lower arm
- Rated: 125 psig @ 350°F, 300 psig @ 100°F (See note!)
- CRN Registered OF6616.5C

Note: Service ratings are subject to pressure/temperature ratings of gauge glass and glass gaskets.

Part Number: 70322

Description: Packing nut kit
Packaging: Boxed
Includes:

NOTE:
 Packing nuts can be purchased individually.
 Use P/N: 58PN

- 2 - 5/8" ID gauge glass packing nuts (58PN)
 - 2 - 5/8" ID gauge glass washers (GGW58-12 or GGW58-100)
 - 2 - 5/8" ID gauge glass friction rings (58BW-12)
- This kit includes everything you need to repair leaking valves in the field. If you only need an individual item in bulk specify the part numbers in parenthesis.

Part Number(s): 70320

Description: Economy 5/8" Gauge Glass Valve Kit - 1/2" NPT
Packaging: Boxed
Includes:

- 2 - Protection rods 10" L
 - 2 - 5/8" ID X 1/2" NPT valve with clear out port
