OPTIONS

- Bayne Plastic Cart / Barrel Lift System
- Mesh Roll Tarp

The TL1128 lifter is compatible with all standard "2-bar" US carts. Unit operates with a patented rack and pinion actuator and utilizes upper saddle and lower rotating hooks to lift and hold cart while dumping. The lifter is complete with a powder coated finish and carries a 2-year warranty.

CONVENIENT

Designed for hauling trash, ground cover, and yard waste in restricted areas where large trucks are prohibited. Utilized with a pick up truck, this unit becomes a multi-purpose tool for any general hauling projects.

INSTALLATION

Installation is easy and there is no modification required. All hardware and wiring is included and is ready to mount. Unit can be mounted onto truck bed or directly to
