

Control4® SR-250 System Remote Control

Control4® SR-250 System Remote Control C4-SR250B-Z-B

Control4® Navigators allow you to interact with your Control4 system. Control your lights, temperature, movies, music and more from any of our intuitive interfaces. Designed for use with Control4's On-Screen Navigator, the SR-250 System Remote Control puts the power of total home control in your hands. It also has a convenient OLED backlit display that converts the Control4 Navigator into a text format.

- High-visibility screen and backlit keys for easy use in any lighting conditions. Tons of control in a small package that fits perfectly in your hand.
- Two-way communication with the Control4 home automation system gives you status information as well as control of any connected device.
- Wireless connectivity enables control of any intelligent device from anywhere in the house; no more pointing the remote at the TV.
