Picture a world in which you actually run your business, rather than your business running you. Imagine the freedom of controlling your laundry facility from home, on the road or wherever you want to be. Such a world does exist. And it's powered by Quantum™ Gold. This revolutionary technology unites equipment controls, programming and store management into one versatile system, giving you total control over your business from any remote location. With Quantum Gold, you can adjust your cost structure, reduce your utility costs and maximize your revenue — from any computer, anywhere in the world.

QUANTUM™ GOLD

MAXIMIZE REVENUE POTENTIAL

Quantum Gold gives you complete control of your laundry facility. The advanced, easy-to-use control system allows you to customize wash settings and adjust price points to take advantage of key revenue opportunities. Quantum Gold allows you to program, monitor, audit and diagnose machines — from any Internet-linked computer, anywhere in the world. With up-to-the-minute data on store activity, you can make informed business decisions regarding pricing, advertising and promotions.

REDUCE OPERATING COSTS

Quantum Gold not only helps you make more money — it helps you save more, too. Effortlessly adjust to changes in your cost structure, reduce utility and labor costs, and maximize your overall efficiency. Quantum Gold automatically alerts you when issues arise and provides information as to when errors occur. The result is reduced downtime for your machines and a drop in preventative maintenance costs.

DEDICATED TO A HIGHER STANDARD.

Quantum Gold Networking

Program, monitor, audit and diagnose machines from any computer, anywhere in the world.

Cycle Modifiers

Create and customize your own “medium” or “heavy” soil program, potentially increasing washer revenue by 4-5%.

Lucky Cycle

Reward customers with a free wash or dry after a predetermined number of cycles.

Drop-Off Mode

Set aside machines to be used by your attendant for wash, dry and fold business without disabling them manually.

Multi-Level Pricing

Lower your utility costs by charging different prices for hot, warm and cold wash cycles.

Time of Day Pricing

Customize your price settings according to your traffic volume. Charge premiums during busy times or offer reduced rates during off-peak hours.

Auto Shutdown Assistant

Quantum Gold ensures that your laundry closes on time, shutting down automatically at a specified time.

Low Power Mode

Shut off the LED display and automatically go into Low Power mode when your store is closed.

Auto Water Leak Detection (Hardmount Only)

Quantum Gold immediately alerts you if there is a leak or obstruction in your machine.

30 Programmable Water Levels (Hardmount Only)

Control your water costs by modifying the amount of water used for each fill within a cycle.

Slow Drain Detection (Hardmount Only)

Quantum Gold will automatically alert you if a slow draining condition exists in any of your machines.

OPL Mode

Allows machines to be set aside for commercial customers who are using your equipment during a specified time.

You can put a number on the amount of supplemental income you could potentially earn. You can calculate tangible savings. But the freedom and peace of mind that come with being able to operate your laundry business on your terms, from anywhere in the world — that's immeasurable. Remote, consolidated programming. Error notifications. Complete control. They're all present in one program, designed to make running your facility easier and more efficient than you ever thought possible.

THE REVOLUTION.

DELIVER THE ULTIMATE CUSTOMER EXPERIENCE

Creating a positive laundry experience for your customers is essential to the sustained success of your business. Quantum Gold provides intuitive controls for ease of use, provides incentives for return visits and helps reward customer loyalty. Few things irritate customers more than machines that don't work properly — or at all. With to-the-minute updates, you can quickly identify and tend to maintenance issues that may affect efficiency or cause downtime.

MOVE FORWARD WITH CONFIDENCE

Peace of mind doesn't have to come at the cost of control. You can be more on top of your game than ever at the same time that you're the most at ease. Quantum Gold was developed by Speed Queen for Speed Queen customers to optimize the performance of your equipment with maximum simplicity and efficiency. The total control offered by Quantum Gold is designed with one simple goal in mind — to make your life simpler and more productive.
