

HARMAN KARDON GO + PLAY™ II

harman/kardon®
by HARMAN

High-performance portable loudspeaker dock for iPod and iPhone devices

Specifications

Made for
iPod iPhone

■ The Harman Kardon Go + Play™ II

goes anywhere your iPod, iPhone or other music player can go – and makes your favorite music sound great. Dual high-excursion, low-frequency drivers deliver tight, thunderous bass, while dual high-frequency and midrange transducers produce rich, full-spectrum sound with unexpected clarity and precision. From its flat, protective docking cradle to its distinctive, arched stainless-steel handle, the Harman Kardon Go + Play™ II looks like no other portable loudspeaker system. A multimedia entertainment center, it even sends your iPod photos and video to a TV monitor and synchronizes with your iTunes library. But however and wherever you use it, it's the sound that sets the Harman Kardon Go + Play II apart.

■ Highlights

Intelligent equalization (EQ) technology: Digital signal processing (DSP) employs one EQ algorithm to optimize system dynamics and bass impact in AC-power mode, and another to minimize distortion during battery operation

Bi-amplification: The woofers and tweeters are independently amplified for exceptional richness and clarity of sound

Advanced transducers: Atlas™ woofers produce extended bass performance with minimal distortion, and Ridge tweeters project musical details over a wide listening area

RF remote control: Self-storing, multidirectional remote control directs system operations and most iPod/iPhone functions from up to 9m (29 ft) away

■ Key Specifications

- Drivers: two Ridge and two Atlas transducers
- Power: tweeters: 2 x 15 watts @ 1% THD; woofers: 2 x 30 watts @ 1% THD
- Frequency response: 40Hz – 20kHz
- Signal-to-noise ratio: >85dB
- Input sensitivity/impedance: 250mV/>10k ohms
- Battery type: 8 x type D alkaline batteries
- Power supply input voltage: 100 – 240V AC
- Power supply output voltage: 18VDC @ 3.3A
- Dimensions: 20" x 9" x 9-1/2" (500mm x 230mm x 240mm)
- Weight: 8.6 lb (3.9kg)

Depth measurement includes table stand, knobs, buttons and terminal connections, unless stated otherwise; height measurement includes feet and chassis, unless stated otherwise.
