

# SANUS Basic Series Furniture

Featuring a mid-century modern look, the new SANUS Foundations BFV157 can be assembled quickly without tools. Compatible with TVs up to 60", the BFV157 features an open design for maximum airflow and easy access to the back of AV equipment. Its large middle shelf can hold up to four components, and the floating media storage box ensures remotes and accessories stay organized. Adjustable feet keep the BFV157 level on any surface, and an integrated wire management system helps keep component cables organized.

Basic
