

# NEW PRODUCT ANNOUNCEMENT!

## **TRIPP·LITE** Cooling Solutions POWER PROTECTION

# SRCOOL12K PORTABLE AIR CONDITIONING UNIT

### Deliver Convenient, Efficient Cooling Where You Need It

Tripp Lite's SRCOOL12K is a new-generation air conditioner designed for supplemental area cooling, emergency cooling and off-hour cooling applications. Compact and portable, the SRCOOL12K is ideal for use in data centers, server and wiring closets, home and small business offices, or other venues with heat-sensitive equipment, particularly in areas that facility air conditioning can't reach. The SRCOOL12K not only adjusts ambient room temperatures, but can also dehumidify and filter the air, providing better air quality for enhanced equipment performance with minimal noise and power consumption. The SRCOOL12K uses environmentally friendly R410a Freon, which complies with EPA standards for 2010 and beyond, and is accepted worldwide.

### Key Features and Benefits:

- Highest industry BTU rating—12,000 vs. 7,400
- Zero-maintenance design—no floor drain necessary or water collection tank to empty
- Convenient built-in timer enables programming for unattended startup and shutdown
- Equipped with a standard louvered vent for general room cooling and a directional ducted cooling vent to direct cold air where needed most
- Conveniently mounted top-panel controls and displays
- Includes a window/drop ceiling kit for multiple installation options
- Plugs into a standard 5-15R outlet with no adapter required

Model SRCOOL12K

Tripp Lite Model	BTU Rating	Voltage	Hz	Input Cord Length	Required Outlet
SRCOOL12K	12,000	120	60	6 ft.	Standard 5-15R (no adapter required)

Tripp Lite offers a complete line of UPS systems, PDUs, rack enclosure cabinets, KVM switches and connectivity solutions for network and data center applications. See other side for details. Complete product specifications available at [www.tripplite.com](http://www.tripplite.com).

Tripp Lite follows a policy of continuous improvement. Specifications are subject to change without notice.

# TRIPP LITE RACKMOUNT SOLUTIONS

## ORGANIZE...

### ...with Tripp Lite Rack Enclosures

- Toolless keyhole mounting for PDUs and cable management
- Split rear doors and dual side panels
- Easy indexing system simplifies mounting rail installation
- New colocation models feature two compartments and separate, lockable doors
- 12U wallmount, 25U, 42U and 48U models in a variety of styles (shock pallet, knockdown, expansion and more)

## CONTROL...

### ...with Tripp Lite KVM Switches and Console Servers

- KVM switches available in 8-port, 16-port and console-only models with 17" or 19" LCDs and built in IP options
- New console servers manage all equipment in the rack with secure in-band and out-of-band access

## PROTECT...

### ...with Tripp Lite SmartOnline™ UPS Systems

- Pure sine wave output and zero transfer time to battery
- Optimize up to 6kVA of power in only 4U of rack space
- Hot-swappable models eliminate maintenance downtime
- 750VA-80kVA models available

## POWER...

### ...with Tripp Lite Metered PDUs

- Highly reliable power distribution, monitoring and control
- Switched and ATS models available

## COOL...

### ...with Tripp Lite's Portable Air Conditioning Unit

- 12,000 BTU of cooling power
- Compact and portable; cools where facility air conditioning can't reach
