Hear the truth...

## JBL<sup>®</sup> TIM MCGRAW TMG81 HEADPHONES

High-performance, on-ear headphones

Sound matters to three-time GRAMMY<sup>®</sup>-winner Tim McGraw. And it certainly matters to JBL<sup>®</sup> engineers. So when the artist and engineers teamed up to design on-ear headphones, superior sound was no accident. The JBL Tim McGraw Artist Series headphones are voiced to deliver the realistic, flat frequency response music professionals demand. High-performance drivers reproduce your favorite music as the artist intended it to be heard, while the cushioned ear cups and comfortable headband enable hours of continuous listening. The lightweight TMG81s fold flat for easy transport, so you can take great JBL sound with you wherever you go.

FEATURES	ADVANTAGES	BENEFITS
High-performance drivers	40mm drivers generate an impressive frequency response (18Hz – 24kHz)	Accurate sound; wide, dynamic range; exceptional bass
Ear cups with semi-open backs	Excellent spatial imaging; enhanced soundscape	More spacious sound
Velvet ear cushions and fabric headband	Soft materials breathe to enhance comfort and extend listening	Hours of continuous, comfortable listening
99.99% oxygen-free cables	Clean audio-signal transmission	Clear, precise sound
Threaded, 3.5mm and 1/4" gold-plated jacks	Ensure optimal audio connection when converting to 1/4" applications	Can be enjoyed with home audio components
Distinctive colors and graphics, including Tim McGraw's signature	Set the TMG81 apart from other headphones	An appealing blend of style and performance
2D-Axis folding mechanism	Ear cups fold flat when you're not using them	Easy to transport and store

"As an artist, I want my fans to hear and experience music the way I do. So I've teamed up with JBL to bring you a line of headphones that have been tuned to do just that. Truth is in the details, and I'm proud to bring you the truth in partnership with the leader in sound, JBL." – Tim McGraw
