## JBL<sup>®</sup> JEMBE<sup>™</sup>

## Powerful two-piece entertainment speakers

Don't judge these small speakers by their size. While the lightweight speakers take up only a smidgen of space, the JBL<sup>®</sup> Jembe<sup>™</sup> delivers big, bold contemporary sound from your computer, laptop or portable music player. The two-piece entertainment speaker system elevates any multimedia experience with clear, accurate JBL sound that fits anywhere and connects to anything with 3.5 millimeter auxiliary output. Use it with any computer or gaming system, or take a break from your headphones and hook up your iPod, iPhone or other MP3 player. Setup is easy to achieve and the speaker system delivers uncompromised sonic control, turning any computer or music player into a world-class sound machine.

FEATURES	ADVANTAGES	BENEFITS
Patented Slipstream port technology	Reduces turbulence by specific patented shape of port	Hear full bass with low distortion
Built-in power amplifier	Experience more power and sensitivity	Turns computers and portable listening devices into world-class sound machines
Powerful drivers	Full range and crisp highs	Realistic studio sound, minimal distortion
The first JBL® Weave design adaptation for JBL computer speakers	Establishes a clear family look for JBL brand	Creates sales synergies with existing Weave design products, such as JBL OnBeat™ and OnBeat Xtreme™
Use with any portable music player or computer with 3.5mm auxiliary output	Upgrade your music, movie and gaming audio experience	Turns computer or music player into a world-class sound machine
A powered 2.0 computer speaker system	Acoustic performance	The same or better sound than current JBL Duet™ speakers
Compact entertainment speakers	Portable design	Great sound with a small footprint
3.5mm headphone jacks	Adapts to multiple headphones	Personal audio experience
Big turning knob	Handy placement on top of speaker	Easy volume control
