The Quantum™ System

The community laundry room as an efficient amenity? It's a novel concept, but so is Speed Queen's Quantum™ system. This cutting-edge microprocessor control gives building owners and property managers unparalleled ability to reduce water and energy costs through advanced programmability. Speed Queen laundry service providers deliver further value with Quantum's™ management capabilities, which offer automated secured audit reports on machine use and collections, helping them better manage their business.

Where Quantum™ truly excels is in creating an amenity to help attract and retain residents. It also offers a variety of features and premium wash settings that enable them to tailor cycles to their specific needs.

Quantum™ is the total package, offering the options and wash quality residents demand along with the management tools for tracking machine activity by location and expediting service to machines.

EcoWatersaver™ Wash System

- Quantum™ offers 27 energy efficient wash cycles with independent selections for wash water, cycles, and soil levels.
- Low water and energy consumption.
- ENERGY STAR® qualified.

Horizon® Quality Features

- Premium wash cycles for bonus vending.
- Frontmount supply dispenser automatically dispenses cleaning solutions.

- See-through door convenience with 180° swing for easy loading and unloading. The hinge is a robust 10" steel piano style to maintain door alignment.
- Complies to ADA guidelines for front reach.
- The "Big Load Door" opening is an extra wide 15.5" for easy loading and unloading of clothes.

- Safe door lock release at cycle completion.
- The stainless steel washtub has 5,499 perforated holes with three full length baffles to maximize mechanical wash action for cleaner clothes.

- Long-lasting all-steel drive components.
- Freestanding design features four large automotive size shocks so the washer can be installed on any floor type or level.

Washer Specifications
