ACTIVATIONS SINGLE DROP • DUAL DROP • WORLD DROP • AFTERMARKET CARD READERS • CENTRAL PAY

Available in 25 lb (11.3 kg), 30 lb (13.6 kg), 35 lb (15.9 kg), 50 lb (22.6 kg), 55 lb (24.5 kg) and 75 lb (34.0 kg) capacities.

TUMBLE DRYERS

Uncomplicated. Uncompromising. Unmatched. Enjoy heavy-duty construction that will provide reliable operation for years to come.

The cabinet design of our single-pocket tumble dryers strikes the perfect balance of heat, airflow and tumble action. Burners ignite instantly, providing the desired temperature quickly, evenly and efficiently distributing heat for reduced drying times and energy savings. Our tumble dryers are designed with fewer moving parts, so that you'll face fewer maintenance problems and less wear and tear. We make it even easier with a large, easy-to-clean lint compartment and a heavy-duty door hinge designed to withstand heavy usage.

FEATURES

High-performance heater box increases energy efficiency, reduces drying times and provides a more comfortable operating environment

Patented oval cylinder perforations help prevent damage to the dryer's sweep sheets caused by objects left in customers' pockets

Large, easy-to-clean lint compartment

The 55 lb (24.5 kg) model fits through a 36 inch (914.4 mm) door opening and is a foot shorter than our 50 lb (22.6 kg) unit, making it a great replacement option for laundries short on space

TUMBLE DRYER CONTROLS

QUANTUM GOLD
In addition to its network capabilities with our larger equipment and off-site management features, Quantum Gold offers additional owner and customer benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, a "lucky cycle" for loyal customers and the ability to interface with the store owner's card manufacturer of choice. Cycle modifier keys create additional profit opportunities for store owners.

MICRO-DISPLAY
Our Micro-Display Control (MDC) allows for manual programming of control features such as vend price, as well as offering basic audit features. The LED panel displays vend price and time remaining in the cycle.
