

STACK TUMBLE DRYERS

Get twice the capacity of a standard dryer in the floor space of a single pocket tumble dryer. Plus, you'll still only need one set of gas, electric and exhaust hook ups, simplifying your installation.

Our line of stack tumble dryers provides double the capacity of Speed Queen single pocket tumble dryers while using only half the floor space.

The T45 boasts 90 pounds (40.8 kg) of rated capacity and stands as one of the most efficient tumble dryers ever built. Its two sizable cylinders, combined with its efficiency and small footprint, make it an excellent alternative to single 50 lb (22.6 kg) or 75 lb (34.0 kg) units.

FEATURES

Large, easy-to-clean lint compartment

Fewer moving parts mean fewer maintenance problems and less wear

High performance heater box increases energy efficiency, reduces drying times and provides a more comfortable operating environment

Axial airflow pattern with sealed cylinder rims delivers the fastest and most efficient drying results in the industry

30 lb (13.6 kg) available with Quantum™ Control

Available in 30 lb (13.6 kg) and 45 lb (20.4 kg) capacities

STACK TUMBLE DRYER CONTROLS

DUAL DIGITAL

With features that include one-touch cycle repeat, automatic extended tumble and a large digital countdown display, it's simple to set your drying time, temperature and cool down.
