**MICROBAN® ANTIMICROBIAL PRODUCT PROTECTION:
A KOALA BABY CHANGING STATION EXCLUSIVE.**

Microban technology is built into all Koala Baby Changing Stations and becomes an intrinsic part of the Station. When microbes, such as bacteria, mold and mildew that can cause stains, odors and product deterioration come into contact with the station surface, Microban protection penetrates the cell wall of the microbe and disrupts key cell functions so that the microbe cannot function, grow or reproduce. See Technical Bulletin, TB-12.
