

## POWDER COATED STEEL

Ampco® Powder Coated Baked Enamel Steel Compartment Systems are economical and long lasting. Ampco's baked enamel system provides the toughest paint finish in the industry as measured by ASTM standards for salt spray, humidity and impact. Rounded stile and door edges provide a soft relief and prevent edge chipping.

### CONSTRUCTION FEATURES:

- 1" (25 mm) thick door and panel
- 1-1/4" (32 mm) thick pilaster
- Cast chrome plated non-ferrous Zamac hardware
- All corners welded for strength, rigidity and longevity

### OPTIONAL FEATURES:

- Continuous aluminum or stainless steel hinge
- Cast stainless steel hardware
- Continuous stainless steel or aluminum wall bracket

### STRENGTHS

- Durable Material
- Economically Priced
- Wide Variety of Colors
- Good Impact Resistance

## STAINLESS STEEL

Ampco's stainless steel compartment systems are considered the finest in the industry. Excellent for installations where appearance and strength are prime considerations. Soft brushed satin, welded corners stainless steel material has soft radius edges on doors, panels, screens and stiles. Ampco's superior design imparts a visual beauty unmatched by any other system. Recommended for high humidity applications. Shipped with protective PVC film which is easily removed after installation.
