

DA-LIFT PIVOT

For optional remote control operation, see options on pages 39-40.

Electric Ceiling Lift for Video Projectors

- Utilizes a pivot feature that is engineered and designed with a fixed pivot point that helps ensure proper projector alignment during and after installation.
- Available in white powder coated finish and a choice of two sizes.
- Comes complete with an Advance UPM-1 universal projector mount, pre-wired duplex female receptacle and duplex plate and internally mounted control switch for installer operation.
- Designed to mount in either suspended or drywall ceilings with your choice of optional infrared or radio frequency remote operation.
