

## LARGE DUAL MASKING ELECTROL®

### Dual Motor Multiple Aspect Electric Screen for Large Venues

- Ideal for large venue installations when a variety of image formats are projected.
- Available in sizes up to 18 feet wide.
- Features a vertical masking system that starts with either HDTV format and masks to NTSC video format or starts with Cinemascope format and masks to HDTV format. Custom sizes and formats are also available.
- Unique "step-back" masking design eliminates shadows.

Black masks are raised and lowered to change image format.

For optional remote control operation, see options on pages 39-40.
