

Life Jackets & Life Ring Cabinets

Thomas Products fiberglass life jacket and life ring cabinets are designed to protect all types, sizes, and styles of life preservers, life jackets and flotation rings. Thomas Products fiberglass enclosures are manufactured with high quality materials and designed to help shield life jackets, life rings, life preservers, flotation devices, and other life saving equipment from exposure to harsh UV rays, chemicals, moisture, dust, salt air, insects, and temperature extremes. Thomas Products fiberglass cabinets are manufactured under U.S. Patent No. 4,998,587 and are available in a variety of UV inhibiting colors as well as interiors designed to meet your specifications. The rugged and durable construction of Thomas Products fiberglass cabinets combine to produce a dependable and virtually air tight enclosure that will last much longer than steel, wood, aluminum, or plastic cabinets. Thomas Products fiberglass cabinets can be wall mounted, attached to handrails, bulkheads, or designed to be free standing.

Model: LJC-72	Model Outside Dimensions (in inches)					
	Height	Length	Width	Depth	Weight	
	LJC-72	N/A	72-1/4	24	24-3/4	90 lbs
	Model Inside Dimensions (in inches)					
	Height	Length	Width	Depth		
LJC-72	N/A	70	22-1/4	24-1/8		

NOTES : Fiberglass cabinet for storing life jackets. Durable construction, these flotation device lockers will not rust or deteriorate like metal cabinets will. The life containers will hold all brands. Wide hatch for easy entry and access, they offer excellent protection from the elements. Available in International Safety Orange for high visibility.

Model: LRC-2	Model Outside Dimensions (in inches)					
	Height	Length	Width	Depth	Weight	
	LRC-2	37-1/4	N/A	37-1/4	6	40 lbs
	Model Inside Dimensions (in inches)					
	Height	Length	Width	Depth		
LRC-2	34-3/4	N/A	34-3/4	5-1/2		

NOTES : Our LRC-2 life ring cabinets are made of rugged fiberglass offering protection from the sun and salt spray. These cabinets will protect life ring buoys and will offer years of service. The cabinets come in highly visible International Safety Orange color. These storage lockers are not designed for life jackets.

Model: LJC Series

Model	Outside Dimensions (in inches)				
	Height	Length	Width	Depth	Weight
LJC - 1	N/A	35	18-3/4	11-1/2	32 lbs
LJC - 2	N/A	37-1/2	25-1/2	24-3/4	58 lbs
LJC - 3	N/A	48-3/4	25-1/4	18-3/4	60 lbs
LJC - 4	N/A	48-3/4	36-1/2	25-1/4	125 lbs

Model	Inside Dimensions (in inches)			
	Height	Length	Width	Depth
LJC - 1	N/A	32-1/4	16-1/2	10-3/4
LJC - 2	N/A	34-1/2	23	23-1/2
LJC - 3	N/A	46	22-1/2	17-1/2
LJC - 4	N/A	46	33-1/2	23-1/2

NOTES : Our LJC series offers top protection in a superior design. This life jacket cabinet is the perfect container for flotation devices. The durable fiberglass design gives you the best performance under environmental extremes and outlasts all other cabinet materials for boating conditions.

Model: LJC-5R

Model	Outside Dimensions (in inches)				
	Height	Length	Width	Depth	Weight
LJC-5R	35 1/2	51-1/8	31-1/2		80

Model	Inside Dimensions (in inches)			
	Height	Length	Width	Depth
LJC-5R	34-1/4	50	30	

NOTES : The LJC-5R life jacket cabinet is our newest model in our line boater safety lockers. With a rounded top to discourage storing items atop our safety trunk. A virtually air tight enclosure, our fiberglass life jacket trunks will withstand the demands that the sea imposes better than steel, aluminum or plastic enclosures.
