

# POWER RIVET® BOLTLESS STORAGE SHELVING

**IMPORTANT: MANY MUNICIPALITIES ENFORCE FIRE CODES THAT REQUIRE 50% OPEN SHELF AREA.**

## POWER Record Archive Shelving

- Convenient, economical bulk storage for record retention.
- Units to 23' tall available with catwalks. Call for pricing.
- 50% open wire decks available.

Rugged boltless construction provides for a cost efficient storage system. Rigid connections provide solid support for decking. 69" wide shelves with particle board will support 1,000 lbs. 42" wide shelves with particle board will support 600 lbs. based on UDL. Please call for weight capacities when using wire deck. Shelves adjust on 1/2" centers. Super strong posts are one piece construction. Available with solid particle board or 50% open wire decks. Price includes new Zee Beams. Made in USA. FOB Shipping Point.

## POWER Wide Span Bulk Racks

- Boltless bulk shelving is a low cost solution to your storage needs.

Engineered for greater shelf loads, thanks to heavy gauge steel construction. Beams adjust on 1/2" centers. Wide shelves are rated at 550 lbs. for 4 ft. wide shelves, 600 lbs. for 6 ft. wide shelves per shelf level, evenly distributed. 8 ft. wide shelves are rated at 600 lbs. per shelf level, evenly distributed. One center support is included per pair of 72" and 96" wide beams. Capacities are based on use with particle board. Call for capacities using wire decking. Higher capacity beam styles, and taller units with additional storage levels are available -- call for details. Gray baked enamel finish. Made in USA. FOB Shipping Point.

3 variations to choose from:

- Units without decking (purchase decking locally).
- Units with particle board decking.
- Units with 50% open wire decking (for fire codes).

Basic Three Shelf Unit - 7' Tall  
Framework, PB or Wire Decking

All 36" and 48"D. wire decks are furnished with center support (included in price). 96"W. units are provided with two 48"W. wire decks.

Note: ZEE Beams are used on 48" and 72" wide units only. The Zee Beam is not available on 96" wide units, which consist of standard angle beams.

New Zee Beams

## POWER Space-Saving Shelving

- Shipped ready to install no guesswork or cutting.

This rivet rack shelving is a safe and effective way to meet a broad range of storage requirements with one economical system. Rugged components require no special clips, fasteners or tools -- simply snap together to lock in place. Strong sturdy steel units allow stored materials to be accessed from all four sides. Choose units with or without particle board decking. 36" wide intermediate shelves are rated at 350 lbs. and 48" intermediate shelves are rated at 250 lbs. evenly distributed. Top and bottom shelves of all units are rated at 550 lbs. evenly distributed if particle board is used.. Gray enamel finish. Made in USA. FOB Shipping Point.
