

Atlona HDBaseT HD Wall Plate Extender Collection

HDBaseT and power over category cable (PoCc) affordably extend high-resolution, reliable signals up to 230 feet (70 meters) in a stylish wall plate. PoCc eliminates the need for power at the wall plate, saving the cost of installing power.

Atlona Advantages

- MAXIMUM DISTANCE** up to 230 ft (70 m)
- POWER OVER CATEGORY CABLE (PoCc)** No power is needed at receiver
- SUPPORTS ULTRA HD** (4Kx2K)
- LOCKING HDMI PORTS** for extra-secure connections and uninterrupted signals
- SIDE-EXIT RJ45 ON UK MODELS** to minimize category cable bend radius
- SUPPORTS ALL EMBEDDED AUDIO SIGNALS** including Dolby TrueHD and DTS-HD Master Audio
- UPGRADE IN THE FIELD** via USB port
- CEC PASS-THROUGH** so it's easier to control the entire system

Atlona HDVS Extender/Scaler Collection

Atlona's HDVS extender/scaler collection was designed to smooth the transition from analog to digital displays in schools and businesses. While some systems use HDMI computers, Blu-ray players, or document cameras, there are numerous VGA computers still in use, and this collection supports both. Together, these components can lower the cost of a complete, simple system with VGA and HDMI inputs and display control.
