VOYAGER SERIES BOOK & UTILITY TRUCK

BOOFV6 UPS BOOK & UTILITY TRUCK

BOOFV6-TZ

FEATURES

- Short combination truck features upper flat shelf and lower double sided shelf, which are ideal for use as a display or transporting books, media and reference materials.
- Compact construction means the truck is able to ship via UPS, saving money on shipping costs for small orders. Four slanted shelves are ideal for moving materials in libraries or media centers and end panels are perforated for added style.
- Easy grip rounded handles and quiet transportation on easy-rolling 5" "Quiet Glide" casters, two with locking brakes, to make it easy to turn and safely travel over thresholds and other obstacles.
- Sound damping materials under the shelves reduce shelf vibration and noise when empty.
- Durable all-steel construction finished in nine powder paint options for years of reliable strength. Shelves are arc welded into place for maximum strength and minimal assembly, all you do is install the casters.
- Constructed from "prime" steel which has a 25% to 35% post-consumer recycled content. Truck is over 95% recyclable at the end of the product life cycle. All steel Bretford book trucks are certified to GREENGUARD Children & Schools Indoor Air Quality standards.

DIMENSIONS

Overall: 28" w x 18" d x 33" h
