

Superior™ Stereo Headphone

High fidelity sound is the key to helping students who struggle with listening, decoding, and other language acquisition skills. These high fidelity headphones will help these students achieve the listening and speaking standards outlined by the Common Core. In addition to delivering an exceptional sound experience, ambient over-ear-noise-reducing earcups protect young ears by reducing the need to increase the volume. Replaceable over-the-ears leatherette earpads and a 1/4" adapter are standard features.

SA-740 \$35

2924EC 24-pack of disposable cloth earpad covers (12 pairs) for SA-740, 3068AV & 2924 series \$22
