

BRETFORD BASICS™

ADJUSTABLE CABINET CART

CA2642

Imagine, one cart that adjusts to meet all of your needs! Adjusting to multiple heights is as simple as resetting four screws. Open, roomy shelves provide ample storage space. Lower cabinet stores additional equipment. Black powder paint finish. Tops come with a rubber mat. Cart rolls easily on 4" casters.

Now available with a new and improved 6-outlet power strip!

FEATURES

- Features a 5-height capability, from 26-42"H in 4" increments for best projection height and can be reset by adjusting four leg screws.
- Locking lower storage cabinet keeps equipment safe and includes a rear grommet hole for cord management. Key locks, two keys included.
- Top and middle shelves include a 1/4" lip to prevent equipment from sliding off when in transport and top shelf also includes a ribbed rubber mat.
- Durable all-steel construction with black powder paint finish.
- Rolls smoothly on 4" "Quiet Glide" casters, 2 lock.
- Die-pressed shelves have rounded edges to provide extra safety.
- Ample room on top shelf accommodates CRT monitors up to 20" diagonal or virtually any audio visual equipment.
- New and improved 6-outlet electrical unit available with built-in cord winder and 20' extension cord. Lets you set up anywhere in the room and still reach an electrical outlet. Electrical units are standard on CA2642 "E" and "M" models.
- CA2642 series carts feature a steel content with 25% to 35% post-consumer recycled steel and are recyclable at the end of the product life cycle. CA2642 series carts also comply with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- Black powder paint finish resists everyday wear and tear.
- Made in the USA.

MADE IN THE USA

The CA2642 adjustable cart is made at Bretford's Chicago area manufacturing facility using union labor.

ENVIRONMENTAL SPECIFICATIONS

The CA2642 adjustable carts are constructed using "prime" steel which has a 25% to 35% post-consumer recycled content and is recyclable at the end of the product life cycle. CA2642 series carts are certified to GREENGUARD Children & Schools Indoor Air Quality standards.

SUGGESTED SPECIFICATIONS

CA2642 Adjustable Cabinet Table has three (3) 20-gauge steel 18" x 24" shelves. Shelves are press formed with a 1/4" lip bordering the top surface on all four sides. The top shelf has a 20-gauge steel stiffener electrically welded underneath the surface front to back. A Black rubber mat 18" x 24" is placed on the top shelf. Shelf has two (2) 3/16" diameter holes centered on the right side, left side and rear to accept an optional electrical assembly. Table has an adjustable top section that consists of one (1) 20-gauge 18" x 24" shelf with four (4) 14-gauge steel legs 21-1/4" long welded to the shelf at each corner. Each leg has two (2) 1/4" diameter holes near the bottom of the section and in the center of the leg that will accept a 1/4-20 machine screw. The holes are spaced 4" apart to permit height adjustments of 26", 30", 34", 38" and 42" when matched to the bottom section of the table. Each offset leg fits over the bottom section of the table and is secured at the desired height by the machine screw. The bottom section of the adjustable table consists of a 20-gauge steel cabinet of interior dimensions 23"W x 15-1/2"H x 17"D. There are four (4) 14-gauge steel 19" legs welded to the cabinet at each corner. Each 19" leg has four (4) 1/4" diameter holes down the center of the leg that will accept a 1/4-20 machine screw. Holes are 4" apart to permit table height adjustments (as noted above). Cabinet has one (1) 20-gauge steel stiffener spot welded top to bottom. Model has a Black powder paint finish. A hard plastic caster insert is mounted to each leg. Casters are mar-resistant Black hard rubber and 4" in diameter. Each caster assembly has ball bearing swivel capabilities and steel construction. Two (2) have locking brakes. Optional electrical assembly provides six (6) grounded outlets with surge suppression. Includes 20 ft. 3-wire cord and two (2) 3/16" diameter machine screws with wing nuts for attaching unit to the table. CA2642 "E" and "M" models come standard with 6-outlet electrical assembly. CA2642 Adjustable Cabinet Table ships assembled in one (1) carton and is available to ship via United Parcel Service (UPS).

Available with a pull out notebook computer shelf, model CA2642NS. Retrofit kits are available for existing CA2642 carts.
