

17" PERSONAL VIEWING SCREEN - AXS17HD2G

The 17" Widescreen HDTV LCD Personal Viewing Screen with HDMI, COAX, Composite and Component connections, Digital QAM, ATSC/NTSC & PAL Tuner is the perfect solution to upgrade your club with digital broadcast-ready personal screen entertainment. Our screen is designed specifically for the fitness industry and commercial environments with slim, sleek features, a protective shield for durability and easy cleaning, universal VESA mounting availability, easy installation and a super sharp high definition picture.

Install the screen in front of your cardio equipment using our adjustable stand or cardio equipment attachable mounts. Users simply plug their headphones into the AXS17TVCX2 controller and select their preferred available TV program.

Compatible with Google Chromecast TV, Apple TV & other wifi-TV applications - Future Proof!

PERSONAL VIEWING SCREEN CONTROL OPTIONS

- CAB (CONSOLE ADAPTER BOX) - AXSCAB-01
- UNIVERSAL CONTROLLER - AXS17TVCX2

The BVE 17" Personal Viewing Screen (PVS) can be controlled using an attached controller or through the console of the top brands of cardio equipment using the CAB. The CAB is attached to the back of the screen allowing the user channel and volume control using the TV controls already integrated into the console of the cardio equipment. For applications where the cardio console has no TV buttons, a robust AXS-series controller easily attaches to the cardio equipment for users to simply plug their headphones in and select their preferred TV programming. Both the AXS17TVCX2 and the AXSCAB-01 will also allow the user to operate Cable/Satellite set top boxes in conjunction with any manufacturer's personal viewing screens, eliminating the need for a burdensome handheld cable/satellite remote control unit and savings thousands of dollars compared to a channel-limiting head-end system.

CARDIO EQUIPMENT TV MOUNTS

Compatible with all mounts, stands, and consoles.

CAB (CONSOLE ADAPTER BOX)

Control TVs & Cable/Satellite boxes without an attached controller or a handheld remote.

AXS17TVCX2

(UNIVERSAL SCREEN CONTROLLER)

Compatible with Cable/Satellite boxes, works with other Manufacturer's Personal Viewing Screens.
