

Euro Style Contemporary Lecterns

An elegant line of contemporary lecterns that match attractive form to versatile function, and complement any modern décor. Perfect for corporate, educational, or religious settings, the stylish Euro Contemporary Lectern arrives fully assembled and ready to use for any type of presentation.

Features a clean, streamlined front panel rising from a stable contoured base. The panel supports a spacious reading table of high-durability MDF, as well as a shelf for water or supplies. Its sturdy but lightweight construction makes it easy to move and position at a moment's notice. Available in a wide range of high-quality veneers with a choice of flat or curved profiles, these lecterns enhance virtually any contemporary setting. Streamlined aluminum support posts in silver or black add dramatic accents to the built-in veneer panels. The entire unit is shipped ready to use, with no snap-in panels or other assembly required.
