Hot Sensitive 19" Dynamic Gooseneck Mic Included

Picks up vocals up to **18"** away!

Sensitive 19" dynamic gooseneck microphone picks up even the softest spoken presenters from over 18" away and it provides ultra clear voice projection because its shock absorbing mic mount prevents feedback & vibration. Connects to amplifier through XLR to 1/4" cable hidden beneath the reading table so you never have to see unsightly cables. Second dynamic handheld mic included.
